

## Consolite Technology Specification Sheet

**Part No: CTL-R053**

**Part name: NVIS Green A Polymer Filter material**

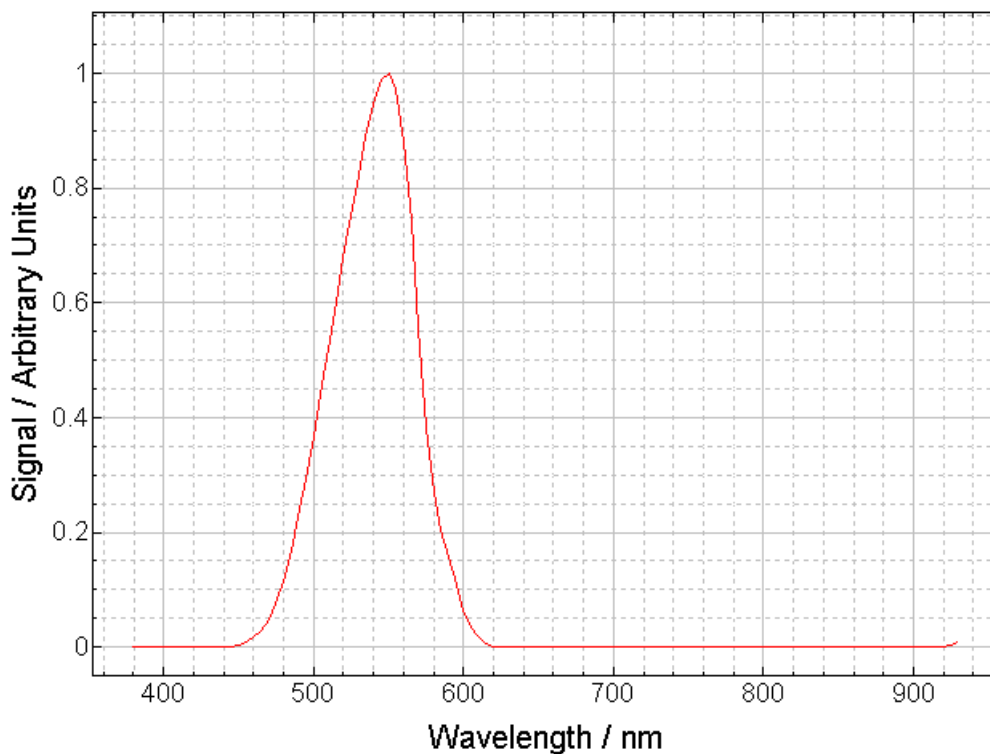

The filter material provides full compliance with MIL-STD-3009 for both NVIS Radiance and chromaticity. Indicative performance figures below are quoted in combination with a typical T1¾ 28V, 40mA lamp, and may vary.

### Typical performance

NVIS Radiance		Green/Red Ratio I3(W)	Chromaticity	
NR <sub>A</sub>	NR <sub>B</sub>		u'	v'
6.98E-11	6.72E-12	252	.1124	.5703

**Photopic Transmission 12.5%**

### Normalised Spectral Output

Consolite Technology Limited, St. Martins Business Park, Bells Lane, Zeals, Wiltshire, BA12 6LY, UK
