

Consolite Technology Specification Sheet

Part No: CTL-R056

Part name: NVIS Yellow Polymer Filter

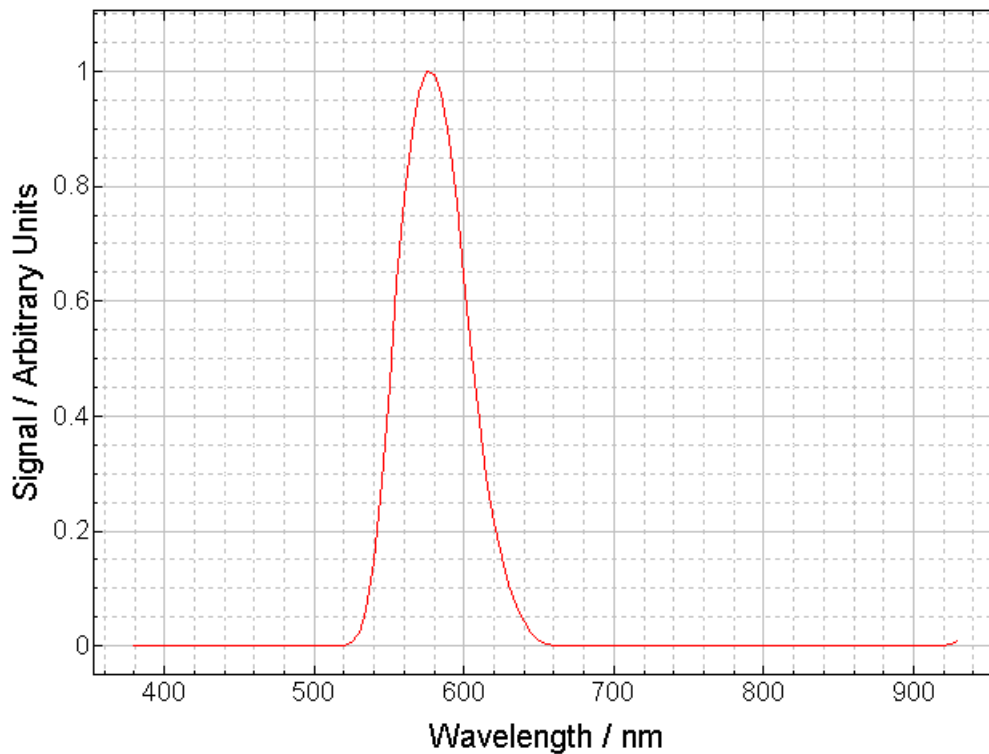

The filter material provides full compliance with MIL-STD-3009 for both NVIS Radiance and chromaticity. Indicative performance figures below are quoted in combination with a typical T1¾ 28V, 40mA lamp, and may vary.

Typical performance

NVIS Radiance		Green/Red Ratio		Chromaticity	
NR _A @ 15fL	NR _B @ 15fL	I3	I3W	u'	v'
2.08E-09	1.56E-10		369	.2522	.5618

Photopic Transmission **16%**

Normalised Spectral Output

Consolite Technology Limited, St. Martins Business Park, Bells Lane, Zeals, Wiltshire, BA12 6LY, UK
