

Consolite Technology Specification Sheet

Part No: CTL-R071

Part name: NVG Red Polymer filter

The material provides compliance with UK requirements for NVG Red Green/Red Ratio and chromaticity. Indicative performance figures are quoted in combination with a typical T1¼ 28V, 40mA lamp.

Typical performance

NVIS Radiance		Green/Red Ratio		Chromaticity	
NR _A	NR _B	I3	I3W	u'	v'
2.32E-08	5.38E-09	> 7	17	.4097	.5384

Photopic Transmission 13.4%

Normalised Spectral Output
