

REACH STATEMENT of CONSOLITE GROUP (PY031)
(As at October 2017)

The products of the Consolite Group comprising Consolite Technology Limited and Consolite Forensics Limited are in compliance with EU Directive 1907/2006 on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH). Consolite Group is fully aware of the requirements given by REACH and has identified its roles and obligations to the best of its knowledge.

All of our products are assemblies/components, not raw materials. Based on a review of supplier provided data for materials incorporated into Consolite Group products, these products are designated as REACH compliant. REACH compliant means that:

1. Our products are categorized as “articles” under the REACH Regulations. Consolite Group is a Downstream User, a Producer of Articles, an Importer of Articles and a Supplier of Articles.
2. It is not intended that our products release substances during normal and reasonably foreseeable conditions of use.
3. Consolite Group is located inside of the EU.
 - a) For our suppliers, located within the EU, we are acting as a Downstream User for substances and preparations and as a Supplier of Articles for articles. Therefore they have to fulfil the obligations given by REACH.
 - b) For our suppliers, which are located outside of the EU, we are acting as Importer of Articles for articles with all obligations relevant to us.
4. Consolite Group does not intend to register any substances as we do not sell substances, preparations nor articles containing any substances that are intended to be released at any time. Therefore registration is not required.
5. Consolite Group is in contact with all of our suppliers (located inside and outside of the EU) in order to get proper information and to ensure the availability of articles in the future.
6. Consolite Group will monitor all further obligations with regards to Annex XIV (the “Candidate list”) and Annex XVII (“Restriction of Substances”).
7. Specific product information is available on the website: www.Consolite.co.uk.
8. Contact details for REACH issues: sales@consolite.co.uk.

Ref: Regulation EC1907/2006 the Regulation, Evaluation, Authorisation, and Restriction of Chemicals (REACH)

To Whom It May Concern:

I write in regards to the new EC regulation, REACH.

I can confirm that Consolite does not import chemicals in the sort of quantity that the REACH legislation covers. None of our suppliers import chemicals in the sort of quantity that the REACH legislation covers for products for Consolite.

I hope this helps with your conformity to the legislation.

If you have any further enquiries please do not hesitate to contact me.

Best regards,

Nick Rice
Managing Director,
Consolite Technology Ltd
