CTL-423 Task Light, LED, Interior

An encased general purpose light fixture, capable of delivering low-level white light.

Robust steel design, with a dimming slider and 2 USB ports.

Features

- LED technology - low power, high reliability
- White light matches the output of an 8W, T5 lamp
- Rugged construction, folded and painted stainless steel body
- Rated to IP22 for protection in interior spaces
- Designed to easily replace existing lights by using the same mounting points
- 2 USB ports for phone charging or other applications

Installation Data

Dimensions (mm)	360 x 120 x 70
Power required (W)	8
Input Voltage (V)	115
Weight (kg)	<3
Optical Output	Warm white colour (3000K)
Material	Stainless Steel 316 Finished in Traffic White (RAL colour code 9016)
IP rating	22
Dimming Control	Controlled by 45mm slider, 100% - off

Part Number

P/No	Function
CTL-423-001	Single mode – full bright white
CTL-423-002	Dual mode – full bright white / low level white NVG compliant

Feature Layout

2X USB A ports
Dimming slide switch

Standards

- Safety tested to BS EN 62471:2008
- Environmental testing in accordance with BS EN 60598-1
- EMC compliant with DEF-STAN 59-411 and BS EN 55015
- Photometric testing compliant to BS EN 13032-4
- Photometric safety compliant to IEC 62778

Consolite is a long established leader in night vision lighting for military platforms, designing and manufacturing lighting for NVGs for over 25 years, including lighting for aircraft, ships and ground use.

Consolite's design facility permits the calculation of lighting requirements for any space from a single compartment to an entire ship.

Consolite's test facility includes the latest equipment required for testing night vision compliance to any relevant standard plus goniophotometric equipment for full 360 degree light characterisation of luminaire output.
