Installation Data

Dimensions (mm)	200 x 130 x 33.5 (recessed installation, front panel protrudes 1.5mm)
Input Voltage (V)	230V AC
Weight (kg)	0.75
Light Output	Warm white colour (3000K), 100lm
Material	Stainless Steel 316 Finished in Traffic White (RAL 9016)
IP rating	44

Features

Recessed installation

Front panel only protrudes 1.5mm

Dimming 100% - 0% by push button control

Dual USB charging ports

Standards

EMC compliant IAW Def Stan 59-411, IEC 60945

Electrical safety tested IAW BS EN 60598-1

Consolite is a long established leader in night vision lighting for military platforms, designing and manufacturing lighting for NVGs for over 25 years, including lighting for aircraft, ships and ground use.

Consolite's design facility permits the calculation of lighting requirements for any space from a single compartment to an entire ship.

Consolite's test facility includes the latest equipment required for testing night vision compliance to any relevant standard plus goniophotometric equipment for full 360 degree light characterisation of luminaire output.
